

CONGRATULATIONS!

You are now a lifelong member of El Barrio de Guadalupe's Society of Super Sleuths!

***Before starting your first case, complete the following steps:**

1. Ask your parents for permission to print this page, and ask your parents to give you a photograph of yourself that is small enough to fit in the space above. Ask your parents if it is okay to cut the photograph to fit the space. Ask them to help you cut the photograph. Once finished, glue your photograph to your card.
2. Ask your parents to help you cut out your official Society of Super Sleuth's card.
3. Place your card on top of a piece of thin cardboard and then ask your parents to help you cut your card and the cardboard so they are the same size.
4. Use clear packaging tape to secure your card to the piece of cardboard. (This will make your card nice and stiff!)
5. When you are out busting your next misterio---with your parent's permission, of course---show anyone who asks if you know what you are doing your official card, and tell them to let you know if they see or hear any fantasmas y monstruos, ghosts and monsters, in the barrio!
